Multiple colleges and professionals provided lots of information about their occupation, career , and or profession . They answered questions and shined a light on the career that students may have had interest in . Our college and career fair was a success.

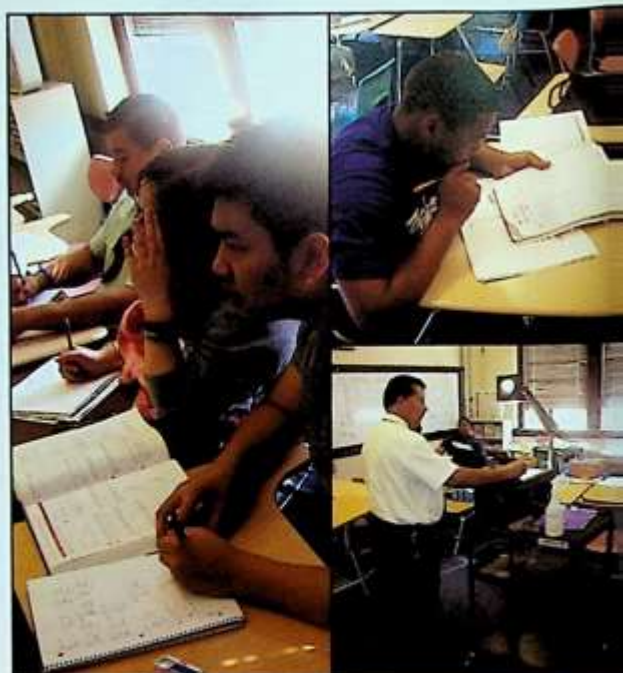

Advanced Placement Courses

All the AP classes here at Northeast are full of energy and spirit the cannot be broken. The students are very hardworking and when they start to work, there is no stopping point.

Here at Northeast High School we offer four Advanced Placement Subjects. They are AP Biology by Ms. Norton, AP English by Mrs. Clay, AP Calculus by Mr. Rana, and AP History by Ms. Chadwick.

Northeast is very happy to have these wonderful teachers teaching these challenging courses. The students are also very thankful to have these teachers that share their knowledge with them and help the students succeed in their academic life.

Even though the teachers are fond of teaching these subjects, they all agree that the student body in general could do better and put in even more effort.

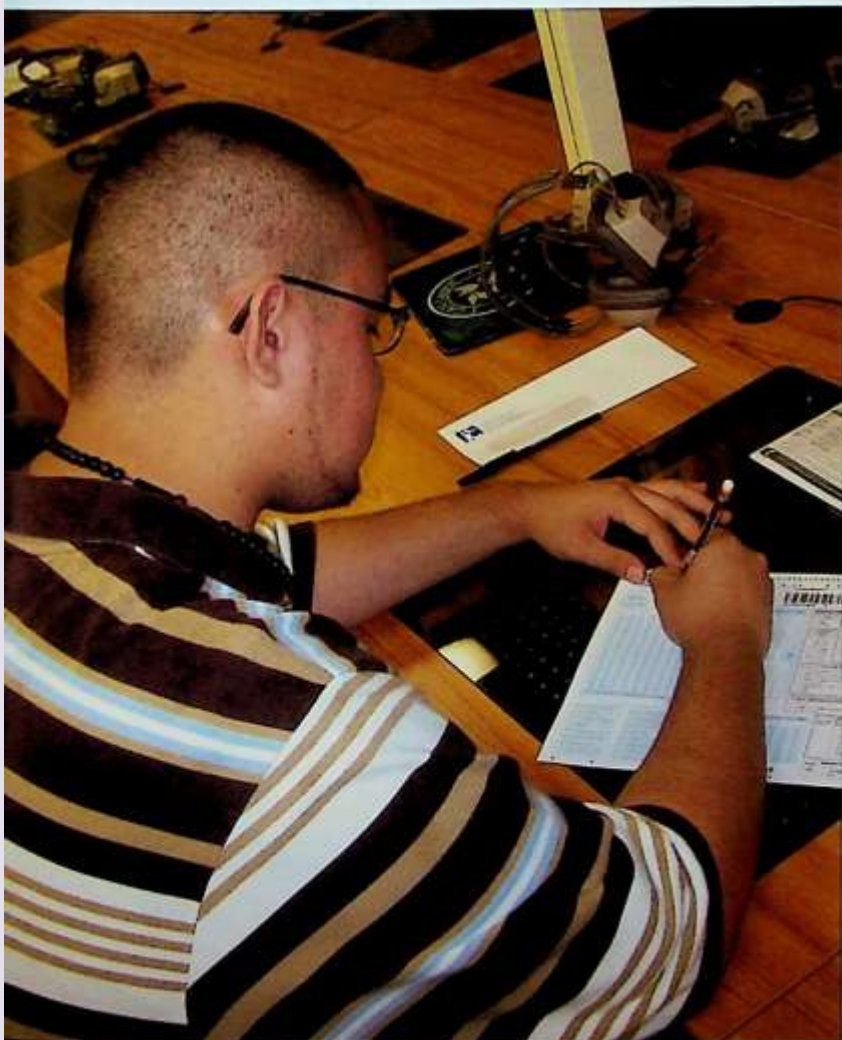

From top left: Nguyen Ung , Tammy Nguyen and Ricardo Suarez in AP Calculus; Marcel Robeson studies hard in class; Mr. Rana in the middle of a lesson; Ms. Norton also in the middle of a lesson; Jaime Diosdado really paying attention and studying from the Biology textbook; Juan Carlos Salas using his phone in his AP Biology course.
