

# Thou Dear Northeast

Ethel May Rugh '14

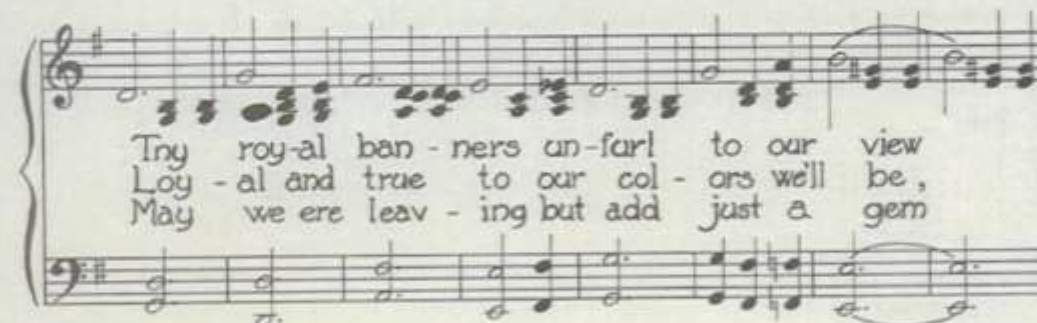

Dr. A.W. Nell

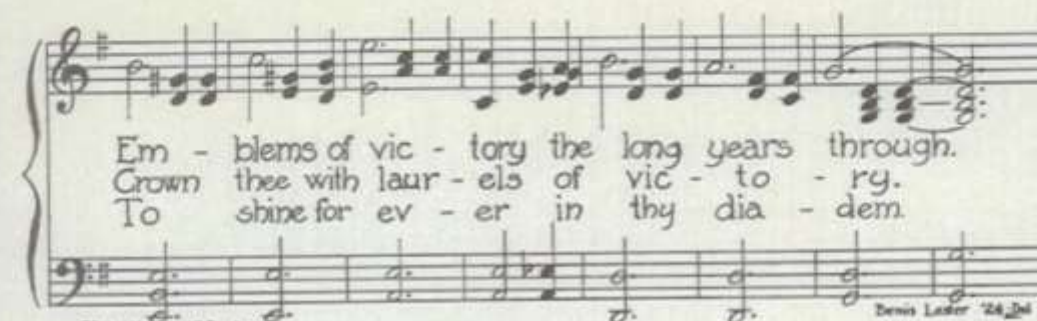

Thou, dear North-east, art the fair - est of all,  
With thee, North-east, there is none can com - pare,  
We come and go as the years pass - ing by

Peer of all oth - ers, nev - er to fall;  
Pur - ple and white a - loft in the air;  
Add to thy glo - ry, dear North-east High;

Tny roy - al ban - ners un - furl to our view  
Loy - al and true to our col - ors we'll be,  
May we ere leav - ing but add just a gem

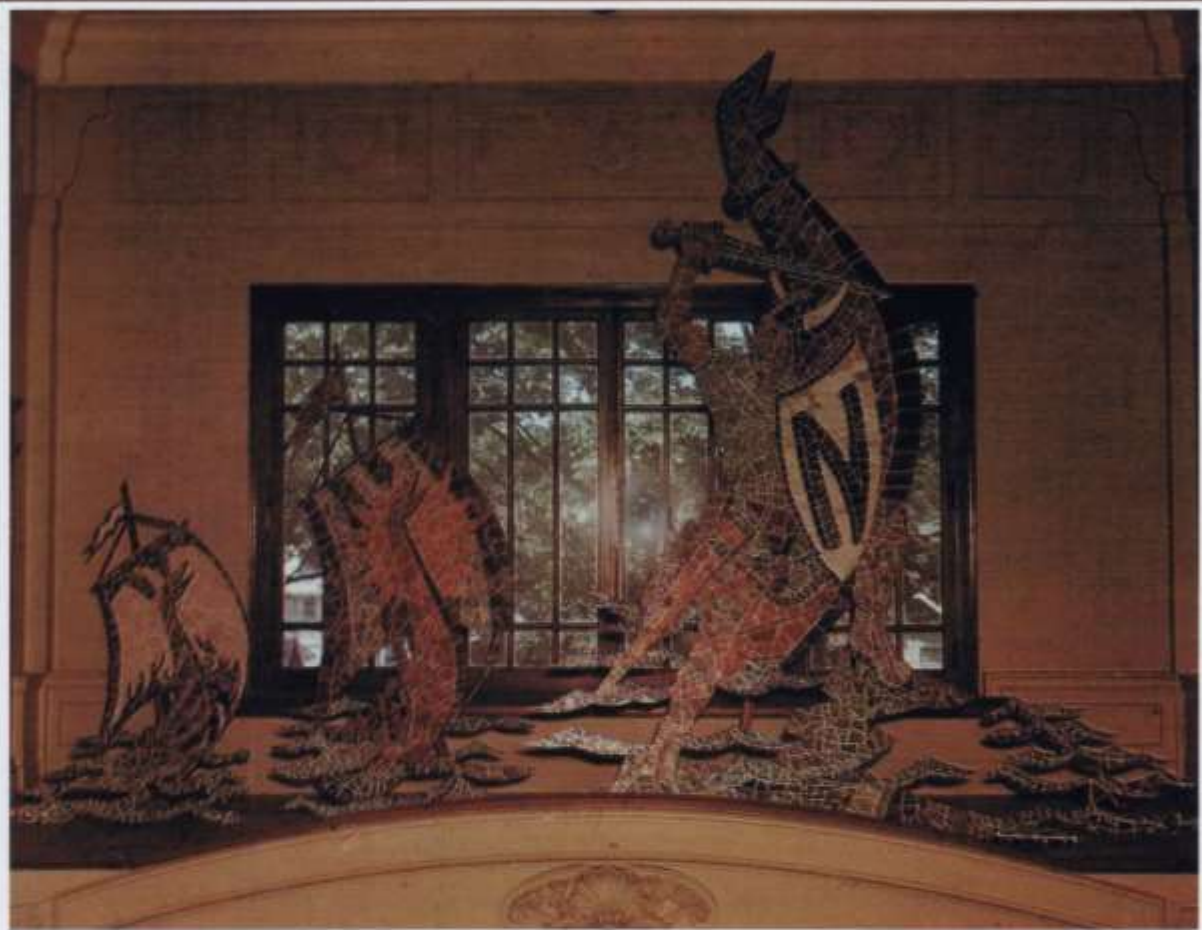

Em - blems of vic - tory the long years through.  
Crown thee with laur - els of vic - to - ry.  
To shine for ev - er in thy dia - dem.

# INTRODUCTION

1989-1990 has been quite a year; a year that filled the halls of Northeast with many new faces. Along with these faces came new experiences, unique personalities, and different ideas. An expression of these ideas was investigated by the yearbook staff. We, the members of the yearbook staff, were faced with the decision of coming up with a theme; a theme that represented Northeast and the year 89-90 as a whole. After a lot of great ideas, we accepted an idea that we agreed with. That idea was to use '90 Viking Street' as the theme of this year's yearbook. There is only one way that we view Northeast and the year 89-90; a never ending street-the 'Viking Street.' This street may lead to different paths for different people. Some may choose one with a family in store but others may choose a path that leads to a career. Which ever path they choose will bring them the love, the experiences, the education, the laughter, and the tears that were ignited during their years upon '90 Viking Street.'

Mai Pham is a Senior at Northeast. She is planning on attending U.M.K.C. and majoring in Accounting. She is taking a Family Law magnet class and she says the best thing about Northeast are the classes it offers and the different teachers who teach them. She has also been in several activities such as: College Prep for one year, National Honor Society for two years, and Explorers for, four years. I asked her if she could give advice to next years Seniors, what would it be, she said: "Since this is your last year, stay in school and don't drop out, Make good grades and be on time to class every-day."

### The Seniors

The senior starts Life's

The senior starts life's journey with diploma in his hand, he calmly waits life's struggles and firmly takes a stand. His head is crammed with knowledge of both poetry and prose, he goes into the world to find how little he really knows.

Russell Chandler is in the twelfth grade at Northeast. Russell had two years of baseball and one year of football. He is starting his first year of cross-country and in the spring will complete his second year in track. He was also in R.O.T.C. as Captain. Russell was in basic training for the Army Reserves over the summer. He hopes to make it through college and to play professional baseball. If he

doesn't succeed, he will go into law enforcement or continue his career in the military.

As the last traditional class, we leave to the future Northeast Magnet graduates-our school with all the love and confusion we share for it. We also leave a word from the wise: high school is more than four years of reading, writing, and arithmetic. It's memories, its watching your friends grow up and leave, its you, yourself, changing from child to adult.

We ask that the title of Senior continues to be well respected after we're gone. We also hope that when your four years have ended, you can look upon your stay and be relieved that it's over, but still be scared silly because your future has just begun.

Although our experiences from Northeast have ended they will never be forgotten.

As Seniors we sometimes forget that it was only four years ago that we walked through the doors of Northeast for the first time, feeling the same fears and emotions every freshman feels with a bit of excitement, alot of intimidation and basically scared silly.

As the last traditional class to slip by we saw and felt changes. Walls were being torn down to be new ones. We watched Northeast receive a fresh coat of paint, New lockers that worked, and a longer name. But with all the changes, students remained the same-still striving for friends, popularity, and good grades, usually in that order.

The Nor'easter staff would like to thank Mr. Spillman for putting up with us. Even though he yells and makes us do things over and over until its right. He is a dedicated sponsor. We all say, "thanks Spillman", we will always remember what you've taught us. We would also like to say thank you to Mr. Leforgee and his Graphic Arts's class.

Douglas Alan Ontman was a senior at N.E. when he was tragically killed in a motorcycle wreck on March 10th, 1990 one day before his 19th birthday. His family was

kind enough to give us a final tribute for Doug's memory.

Our family has been given some things to ease the pain of losing one so dear to us.

We have been given the privilege of having so many friends who have been our supports and our shoulders to cry on. The strength of family, friends, and the tremendously caring students of N.E. have been a blanket of warmth through the cold night.

We also have the comfort of knowing that Doug asked Jesus to be his Lord. Now he is waiting for us to be with him in the glorious place that our Lord is preparing for his children.

We have been able to see good come out of pain as lives have been touched. Some have realized that they don't have forever to live on this earth and

that we need to be responsible with the time has given us. Others have been challenged to live life as a giver like Doug was instead of a taker. Others are waiting to be touched as we are working to make motorcycles safer to ride.

Finally we have rich memories of Doug. We remember him as a gifted young man. He was artistic, had incredible strength from his dedicated weight training, maintained an A average in his senior year, achieved the rank of second degree green belt in karate, was a leader in the N.E. area youth for christ, and rapidly excelled in R.O.T.C.

He had incredible style. He was quick to make friends. He had long hair, a smiling face, wore an earring and leather jacket, and loved his

motorcycle. No one could stay angry at him, and his big smile could warm the coldest heart.

Our final memories of Doug are his giving heart. He was always helping and praying for the people he met. His relationship with God allowed him to look out for those in need and to let them see God's love through these memories of him to comfort us until we are with Doug again.

WE  
LOVE U  
Doug!

The class of 1991 has come a long way since their freshmen year. Now that they have one more step until graduation, they are working hard to make their last year their best.

The students of the Junior Class came to Northeast for a number of reasons. Some came because it was close to home or because all their friends were here. Others came for the magnet theme or for the sports. No matter what the reasons are for coming to Northeast, most of the students have grown to like something about the school.

One of the most important reasons for staying here and enjoying it, is all the activities. Activities such as; Student Council, Band, SRT, ROTC.

NOXIOUS" AND "REBELLIOUS" come time to approach their Senior year. This is known as the "SATOS" symptom - SICK and TIRED of SCHOOL. Although the figures are not accurate, one out of ten Juniors will jeopardize their education with this outrageous attitude. Yes, they will become a "clod" and go off the deep end. Most students think hey, what the

heck, I've earned it. WRONG! Just because you have been going to school since kindergarten does not mean you can't become a casualty. Dear Laura writes, the only privilege the Junior class should earn is the right to be a Senior and have good memories of their final year in High School. In order to fulfill this position, follow these four rules of useful advice. Rule #1- Avoid all Exit signs that obviously seem to "DETOUR" our fine young Einsteins to Taco Bell.

Rule #2- Resist the urge to return home early and sleep, (in order to satisfy your after school employer.)

Rule #3- If in possession of a vehicle during school hours lock the doors, and put the keys in Mr. Cambells dropbox. (that will keep you in school)

Rule #4- Avoid alcohol and drugs!!!! (that stuff will kill you). P.S. Follow these four rules your Senior year and you will overcome the "SATOS" symptom.

GOOD LUCK! by Laura Miller

Sports, Cheerleading, Pom Pon, and Pep Club. They are also participating in other events such as; Mock trials and field trips. The Junior Class officers have worked hard in keeping their class involved and highly spirited.

For some juniors their senior year will be their easiest, but for others it may be their most difficult. No matter how much work it takes they will all make it through their last year. Their high school years will surely be ones to remember.

## DEDICATION TO FAWN COX

Fawn Cox attended Northeast her freshman and sophomore year. She was the kind of person that had a lot of spirit. She had a fun and crazy personality. She was outgoing, easy to get along with, and very well known.

We will always remember her cheerful face and kind attitude. We are holding on to all the good times we've experienced. We also give our deepest sincerity to her family. Fawn was an extraordinary person and we miss her.

#### SOPHOMORE OFFICERS

The sophomore officers have a similar view about the school theme and classes. They also have a lot of differences. Daryl Gilmore, Sophomore V.P., believes that the theme is okay and that it doesn't matter what school you go to. You strive to be the best wherever you go. Veronica Hooker, Sophomore Treasurer, feels that the theme is good, but it needs a lot of work. Anna Butler, Sophomore Secretary, feels that the theme is very unorganized at the moment; but, she likes the ideas they are trying to accomplish. Abdul Abdelnassar, Sophomore Sgt.-at-Arms, feels that the theme will help students reach their goal.

"You're going the wrong way!"

Mrs. Brown, one of N. E.'s finest teachers began her career at age 26; even though teaching was never her dream. She enjoys teaching literature and writing at N.E. because of the mixture of students.

Her favorite thing about teaching is the three months off which she writes, gardens, and spends time with her nearly perfect granddaughter.

Unfortunately this is Mrs. Browns last year and those of us who experienced her unique teaching techniques will surely miss her.

# MILITARY

ROTC has been in Northeast since 1917 and one of the famous generals that graduated from Northeast was General Maxwell Taylor in 1916. ROTC stands for Reserved Officer Training Corps. ROTC is a Military Magnet Class that is run by former Military Trainers to help students prepare for College ROTC or to join the armed service right after high school. The teachers are Colonel James Harrison, Lt. Colonel James Berry, SGM. Edward Wickman, and SFC. Welbon Monroe.

The teachers in ROTC keep most of the students in line, but the students run ROTC and the classes they are assigned to.

ROTC has four hours of classes and an extra hour of leadership development. ROTC is a good class to enroll in. They teach the students a lot about different areas; for example, they teach the cadets first aid, marksmanship, leadership, decision making, drilling, and more. They even have the opportunity to get rank and become leaders.

by Jeff May

## The Drill-team held 3<sup>rd</sup> place in Joplin competition.

The questions that were asked to the teachers about the students were: "What did they think about the students, the school, and the future events that are set aside for their area of study?" Colonel Berry replied by saying: "The students are more motivated. Most of the students at Northeast had to choose either the Law or Military theme in order to attend here." He then said: "that the students that chose military classes did not express enthusiasm at first but after a while, they came to love it. The school is much better now than it was a few years ago. More improvements were added to the ROTC area, for example, in the areas of drilling and teaching." He ended his comments by saying "that the ROTC group will be attending Westpoint, Airforce Academy, a drill meet in Joplin and Fort Riley, and Hopefully to Daytona and Las Vegas.

Reading about the government and history can be extremely boring. Well, the students in the picture above got the chance to personally experience how the government works on their trip to Washington.

These students and their sponsors, Mrs. Hunt and Mrs. Smith, left for Washington November 12th and returned the 18th. They roomed with students from all over the U.S.. They were on the go from the time they woke up until the time they went to bed. During this time, they visited places such as the Supreme Court, Lincoln Memorial, Jefferson Memorial, Library of Congress, Williamsburg Virginia, and they also had the chance and time to meet congress in person.

Before leaving Washington, a dance, dinner banquet, and talent show, were held for all of the students. Everyone seemed to enjoy themselves.

It was an opportunity of a lifetime. Not only did they learn about the government in an entertaining way, they also got to meet new friends that they still keep in touch with.

These students were selected by their History teachers and for those of you who get the opportunity to go next year, good luck and have a great time.

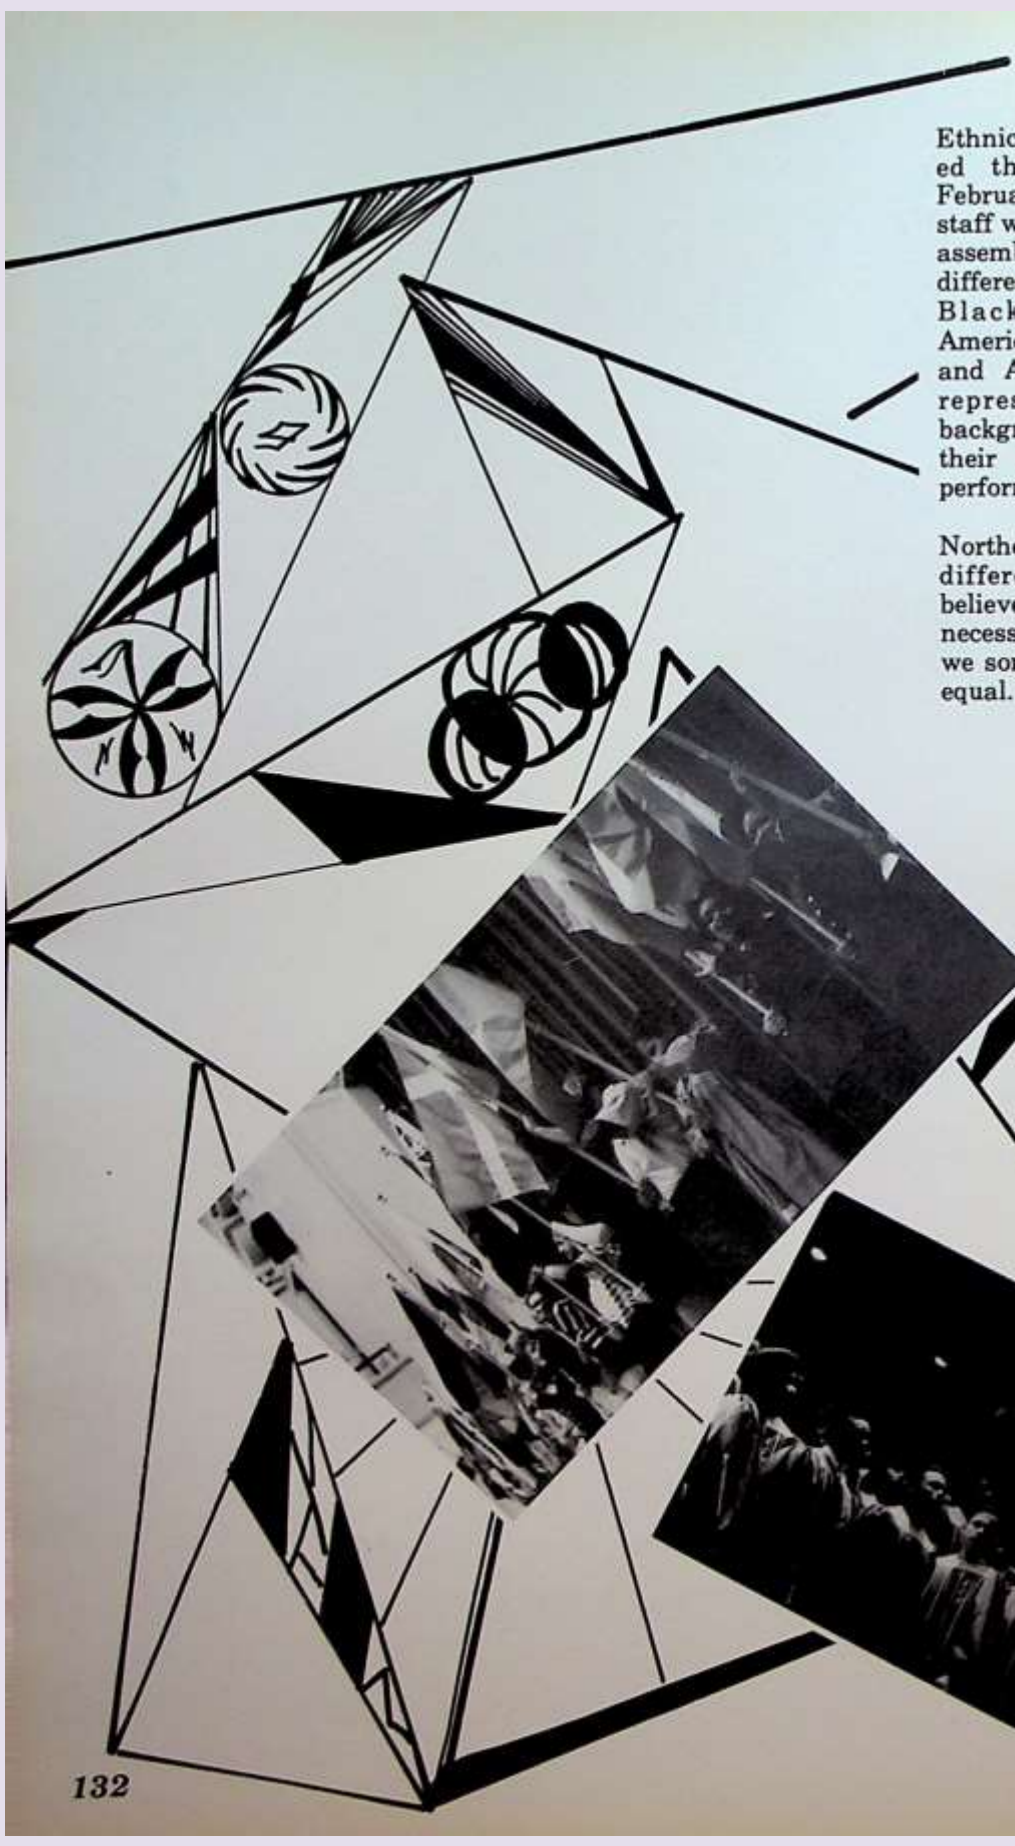

The questions that were asked to the teachers about the students were: "What did they think about the students, the school, and the future events that are set aside for their area of study?"

Mr. Kornfeld, the Curriculum Coordinator of Northeast replied by saying: "The students have a better opportunity of being successful at what they want to become. The students are more serious about school work and activities and have a better understanding of what the Magnet system is all about. Northeast has become better looking inside compared to other schools. We have a Law Library, a court room, and no other school has a bigger and nicer gym. Most of the students that are assigned to a law class will be attending City Hall and a spring mock court competition."

by Jeff May

An abstract line drawing composed of various geometric shapes like triangles, circles, and spirals, some of which contain smaller patterns or symbols. These shapes are interconnected by a network of straight lines, creating a complex, layered composition that serves as a background for the page.

Ethnic Awareness was celebrated through the month of February. The students and staff worked hard to present an assembly. There were many different nationalities such as Black Americans, White Americans, Asians, Orientals, and American Indians. They represented their cultural background and heritage by their different costumes and performances.

Northeast is a school with many different nationalities and believe that the assemblies are necessary and very important as we sometimes forget we are all equal.

The Homecoming dance November 8th 1989-90, was certainly one to remember. It was held at Adams Mark Hotel, students attire was semi-formal. Several students participated in the event and they all had a blast. We wish Northeast many more successful dances in the future.

The R.O.T.C. Ball was held on February 23, 1990 at the Arrowhead Stadium. The Cadets attending this occasion came from Northeast, East, Van Horn, Central, and Paseo.

The male cadets arrived in their R.O.T.C. uniforms with white shirt and black bow tie.

The female cadets and guests wore formal apparel. The evening began with dinner, and the crowning of the Queen and her court followed. A dance and live D.J. completed the evening. In all, the Ball was a success and the cadets enjoyed themselves.

Ole'!

In the late fall of 89 many students were outraged by a proposed plan to eliminate many electives and vital classes because they didn't go with the three year old theme of Law and Public Service/Military Magnet. The students took drastic measures and formed a walkout.

Around 9:10 a.m. on that late November day, N. E. students poured out of the building, some climbed from first floor windows just to join the cause. After two days of bitter cold temperatures, T.V. and radio coverage, and a few mild cases of frost bite were entered the school building on the basis a meeting between students, teachers, parents, and school board members be held. After many hours, three curriculum committees were formed, one for parents, one for students, and one for teachers.

After many meetings reviewing the current curriculum, and lots of hard work, a new curriculum was written that everyone involved could agree upon.

If there is one thing the student of Northeast Law and Public Service/Military Magnet have learned this year, is about freedom of assembly, freedom of speech, and how to use both of them.
