Senior Topic - How Drugs affect the Body

Research says that one of the best ways to ensure that high school graduates are prepared for post-secondary education or the workforce is to make the senior year more rigorous. Accordingly, the administration, faculty and staff of the Kansas City Public Schools are committed to ensuring student success via the Senior Capstone Project which represents the culmination of the student's education with the district.

The 2012 graduating class was the first to participate in this culminating project. The Senior Capstone Project has five phases: The proposal, the research paper, the 20-hour work experience, the oral presentation and submission of the portfolio. The students researched a specific area of need which allows them the possibility to contribute to the Kansas City community. The 2013 senior class members prepare to present their findings!

The image is a title card for 'Fall Sports'. It features a solid purple background. At the top, there are two clusters of stylized, light yellow maple leaves. In the center, a large, light orange rectangular box with a dark orange border contains the text 'Fall Sports' in a black, serif font. To the left of the box is a red pumpkin with black spiral lines and a small shadow. At the bottom left, there are three overlapping autumn leaves in shades of orange and red.

From the Coaches Corner:

As I reflect on my first season at Northeast High School I feel nothing but waves of emotions. It all started with a phone call from Cornell Duley congratulating me on becoming the next head coach. Even though I was hired late and had no time to meet the kids before they left for the summer I didn't let that discourage me. I called Coach Bair and Coach Johnson, they got in touch with all of the students and we hit the ground running. Many asked me why I would take a job at Northeast. I just explained to them I love our kids and I can make a difference. "WE" made a difference and turned Northeast into a winner. Not only did we win our first Interscholastic League Championship in a very long time (since 1960), we also won a playoff game. No matter what happens, our seniors will walk away winners. They believed, we believed, now everyone has to Believe!

Girl Basketball

With the exception of two players this was the first time the remaining team members have played basketball. As such, the girls' basketball team had a hard season but showed they were dedicated in spite of their knowledge of the game. Coming together as a team, by communicating on the court and learning basketball fundamentals during practice, they learned the game of basketball. They were great young ladies to work with. We know that next year, they will be awesome and ready to play. Thanks for being a part of the Lady Vikings Program – Coach Robinson

Robotics Competiton

Given the opportunity to work in the building Saturday helped our First year First Tech Robotics team to have a successful day today (Sunday) in our competition at UMKC. Among 24 teams we were fortunate to be 6th after 6 qualifying rounds, but did not have the opportunity to move on. It was an excellent experience for our team members, lead by Coach Bui. Our team included: Sang Ly and Taylor Joslyn "unofficial" co-captains; Ny Tran and Richard West programmers; Caleb Gilmore -safety and rules expert; Michael Gomez and Amanda Williams -builders; James Thompson and Pedro Medina photographers. Special thanks to a lot of people on this one, As usual, any accomplishment is rarely done alone. Mr. Belen's weekend time, Ms. Walker helping line up IT of KCPS, Coach Bair for taking the time to come to the competition, team assists from Paseo and VanHorn; Ms. D's compassion for hungry children, KC STEM's Mr. Dumler, and Mr. Hammond's and Ms. Richberg's ongoing financial wizardry...All are appreciated...I had the opportunity to assist and learn...
